lungs, or any other important organ. It pene-trates the surface to the interior, through the countless tubes that communicate with the skin as aummer rain passes into the fevered earth, diffusing its cool and regenerating influence. Skin Diseases and Glandular Swellings. Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angra Extraoss, such as Salt Ruero, Extrepalas, Terren Risgworn, Ecabellean, Nettle Rass, Scabies (or Itch) &c., die out, to return no more, under its application.—Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands.

ULCERS, SORES AND TUMORS. The effect of this unrivaled external remed

upon Scrofula, and other virulent ulcers and over, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as Wounds, Bruises, Burns and fcalds. In cases of the fracture of bones, injuries caus-

d by steam explosions, Buuises, Burns, Scaldt. RIECHATISE, STIFFNESS OF THE JOINTS, and C n-traction of the sinews, it is employed and warm-ly recommended by the faculty. This marrelous remedy has been introduced by its inventor in person into all the leading Hospitals of Europe and no private household should be without it. UNDENIABLE TESTIMONY.

The Medical Staff of the French and English Armies in the Crimea baveofficially signed their approval of Hollaway's Giutment, as the most reliable dressing for sabre cuts, stabs, and gun shot wounds. It is also used by the surgeons of the Allied Navies.
